

Reaching the World One Book at a Time

Have you ever wished that you could do more to lead others to Christ?

Now you can! It's easier than you think. YOU can share the gospel with your family, friends, and church family as a Remnant Partner.

A Remnant Partner is someone who will share with his or her church the latest news from Remnant Publications on current projects such as *The Great Controversy* project, the Bibles for Africa and Beyond project, as well as sharing about newly released materials.

Just think, for a little time and effort you can change a person's life forever. Many are starving for truth, even in our own churches. A simple statement during personal ministries time, a few phone calls, or even emails during the week may be enough to change someone's life.

You can become a *Partner* now. Just flip the page...
